

Dear Parents,

The revision/practical classes will commence on Monday, 11 January 2021. This will be conducted in different time slots, either in the morning or in the afternoon. Time periods will be informed in the WhatsApp group of the class. Parents are requested to drop in and pick up their wards or make necessary arrangements for the same. After the exams, our staff made sure that the students left the school campus. But it has been brought to our notice by our school's well-wishers that the children are standing at the Bus stop and in front of the shops talking with one another instead of going home.

There are also instances where boys and girls stand in pairs for the onlookers to peep at them and pass comments. Parents kindly ensure that the children are reaching back home on time. Check where they are occasionally, so students are also alert to return home on time instead of talking and whiling away the time.

Please remind them about maintaining COVID – 19 protocols and not to mingle with their friends. Of course, our staff will ensure that it will not happen, but since these are youngsters, they need to be reminded time and again about the rules and regulations.

For doing the practical, the school shall provide the individual equipment to the pupils, where appropriate. But some things will be shared. So the students who use the lab should put on the gloves and come along. Additionally, students should use only N95 masks.

Regards,

SUMA PAUL
